Introducing EXPLORER E510

The new Ultra-Portable BGAN SmartHub

Specifications are subject to change without further notice

Introducing the EXPLORER 510
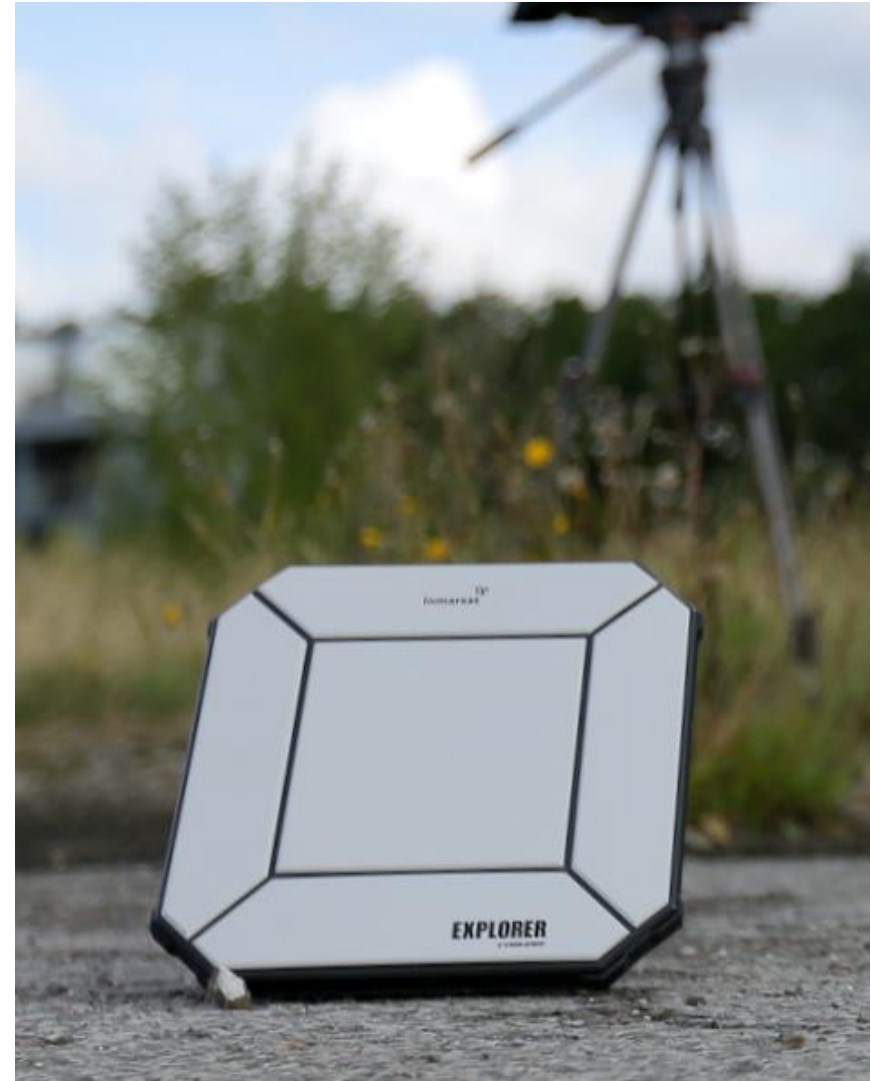

Your Ultra-Portable Satellite Companion

- A Ruggedized BGAN SmartHub Fit for Purpose

- BGAN Connectivity Made Simple

- An Ideal Combination of Size and Performance

EXPLORER 510

A rugged BGAN SmartHub fit for purpose

COBHAM

- Magnesium Casing, IP66 rating and integrated battery pack – completely dust-tight and protected against powerful water jets and heavy seas.

- Though much smaller than a standard laptop, this satellite terminal supports your need for performance and is easy to set-up and to operate.

- The perfect choice when working off the beaten track, but still dependent on a reliable connection.

EXPLORER 510

## Satellite connectivity made simple

- **EXPLORER Connect App**: Use your Smart Device to Make Calls or easily Access The Internet even in areas with no other coverage.
    - SIP Softphone
    - Terminal Access
    - Pointing assistance

- **EXPLORER LTE Modem** turns E510 into a true communication SmartHub. Use local cellular network when available and BGAN if no other option.

- Easy access to the terminal on all Devices and Screen Sizes

EXPLORER 510 Webserver

Responsive Web Design

- The embedded User Interface is optimized for different screen sizes automatically adopt to the screen size.
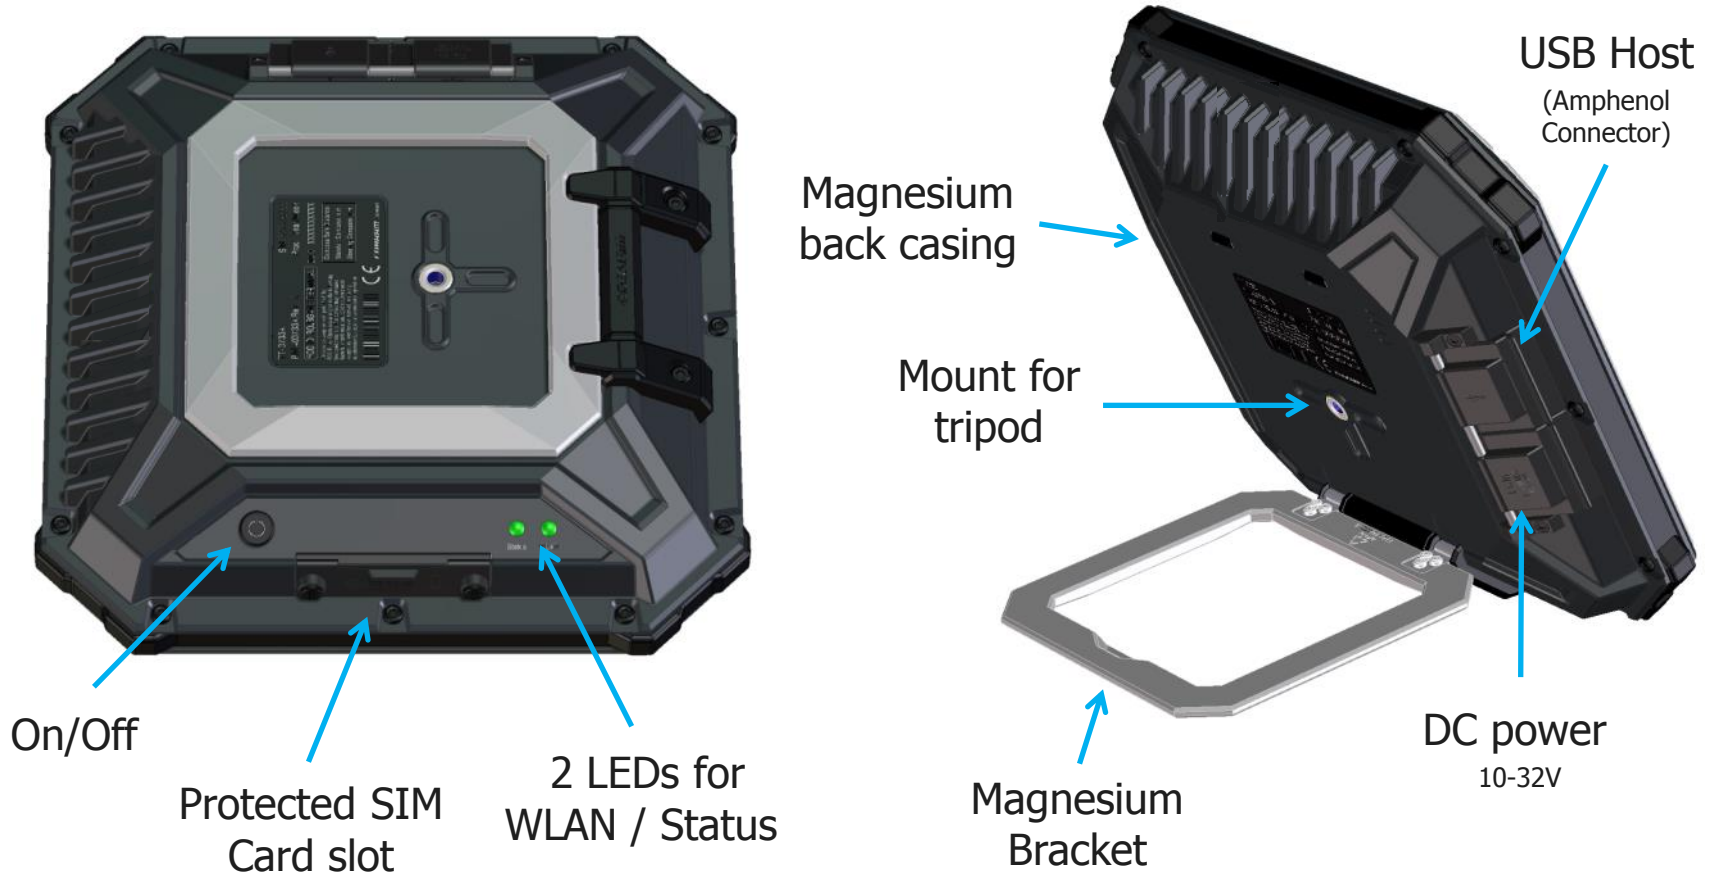

EXPLORER 510

Ideal combination of size and performance

- Provides simultaneous high quality voice and internet access at speeds up to 464 kbps. Streaming IP up to 128 kbps.

- Supports WLAN and a USB host interface.

- Smallest EXPLORER BGAN easy to carry along when travelling the world.
    - 20 x 20 x 5 cm
    - Less than 1.4 kg
